Subject: Temporary Lane Closure on Robinson Street

City of Norman
201 West Gray
Norman, Oklahoma 73069

Press Release

For Immediate Release

Contact: Carol Coles
City Of Norman
366-5404
carol.coles@normanok.gov

Beginning Friday, June 22, 2012, the contractor will close the eastbound outside lane of Robinson Street between Newton Drive and Flood Avenue in order to pave the west end of the project. The lane will be reopened during the first week of July. One lane will be open for eastbound traffic and both lanes will be open for westbound traffic on Robinson Street. The intersection of the Robinson Street Detour and Flood Avenue will not be affected by this lane closure. Additional questions may be directed to John Clink, Capital Projects Engineer, at 366-5424.

The Robinson Street Underpass Project from 500 feet west of Flood Avenue to 500 feet east of Stubbeman Avenue is a \$25 million street improvement project approved by the Norman voters as part of the 2005 Bond Election. Construction began on the project on Monday, June 14, 2010. The Oklahoma Department of Transportation is responsible for the construction of the project. The prime contractor is Manhattan Road and Bridge of Oklahoma City.
